Dear Mr. Ramos,

One of the most important duties of the incoming president of the IACP is to make appointments to various association Boards and Committees. This is a very important responsibility, as it directly impacts the goals and direction of the association.

I am very pleased that you have agreed to Co-Chair the IACP Public/Private Liaison Committee along with Co-Chair, Chief Dan McDevitt. The Public/Private Liaison Committee is one of the IACP's most important committees. As we continue to grapple with anti-terrorism issues, this committee plays an important roll in providing solutions and programs to enhance the relationship of our public and private safety partners.

Your appointment is effective immediately and I look forward to working with you throughout my year as President.

Thank you for agreeing to serve the IACP.

Very truly yours,

Chief Ignacio J. Pena
President 2006
